Dear Mr. McLaughlin:

I am pleased to announce that Rensselaer County has been awarded \$345,450 under the Combined SFY2025 & SFY2026 Public Safety Answering Point (PSAP) Operations Grant Program. This program, administered by DHSES, provides State support through grant funding for localities to enhance public safety call-taking and dispatching capabilities. This is critical in emergency situations and ensuring that public safety personnel are prepared as they respond to calls for service.

The performance period for the Combined SFY2025 & SFY2026 PSAP Operations Grant Program will be 36 months (January 1, 2026 – December 31, 2028). Please note that expenditures submitted for reimbursement must be incurred during the period of performance. Our Grants Program Administration staff will work with your designated PSAP point of contact to provide additional administrative guidance and to develop a grant contract.

On behalf of Governor Kathy Hochul, the Division remains committed to supporting first responders, including through the enhancement of your PSAPs. Please feel free to contact me if you have any questions, at 518-242-5000, or DHSES' Office of Interoperable and Emergency Communications (OIEC) Director, Mark Balistreri, at 518-322-4939.

Thank you for your partnership in this public safety endeavor.

Sincerely,

Dear Mr. McLaughlin:

I am pleased to announce that Rensselaer County has been awarded \$1,282,720 under the New York State Combined SFY2025 & SFY2026 Statewide Interoperable Communications Grant Program (SICG-Formula Grant Program). This program, administered by DHSES, provides State support through grant funding for localities to sustain and improve Land Mobile Radio (LMR) Systems; maintaining components that support interoperability; training and exercises that include communications as a focus; and sustaining and developing governance structures to improve interoperable communications. The SICG-Formula Grant Program will concentrate on improving interoperability and operability of communications systems in New York State. This is critical in emergency situations and ensuring that public safety personnel are prepared as they respond to calls for service.

The performance period for the Combined SFY2025 & SFY2026 SICG-Formula Grant Program will be 60 months (January 1, 2026 – December 31, 2030). Please note that expenditures submitted for reimbursement must be incurred during the period of performance. Our Grants Program Administration staff will work with your designated SICG point of contact to provide additional administrative guidance and to develop a grant contract.

On behalf of Governor Kathy Hochul, the Division remains committed to supporting first responders, including through the enhancement of your communications systems. Please feel free to contact me if you have any questions, at 518-242-5000, or DHSES' Office of Interoperable and Emergency Communications (OIEC) Director, Mark Balistreri, at 518-322-4939.

Thank you for your partnership in this public safety endeavor.

Sincerely,

Black Creek is pleased to provide the attached consolidated quote for your upcoming annual support period, currently scheduled to begin January 1, 2027. Payment for this support plan is due on or before that date. Please note that Black Creek is transitioning to issuing a single support quote per customer that covers all systems/products installed; you will no longer receive, for example, one quote for **SallyPort** JMS, a separate quote for integrated controls, etc. - one quote will include all. However, should you need separate quotes for your internal processes, please let us know and we will be happy to accommodate you.

For our New York customers, we understand that your fiscal year runs from January through December, and that budgeted funds are not available until after January 1. Due to internal purchasing processes, payment is often issued in February or March, resulting in accounts appearing past due. While Black Creek continues to provide uninterrupted service during this time, delayed payments increase administrative effort and cost for both parties.

To better align with your budget cycle, Black Creek is transitioning your support term from a January–December schedule to an April–March schedule. This adjustment provides a three-month window after the start of your fiscal year to process invoices and remit payment prior to the next service period.

To facilitate this transition, the attached quote covers a 15-month term from January 1, 2027, through March 31, 2028. Beginning April 1, 2028, support terms will return to a standard 12-month cycle.

If you have any questions, please contact Donna Hogan (dhogan@blackcreekisc.com) or James Chatham (jchatham@blackcreekisc.com).
